Excel Physicians

Payment Policy

It is the policy of EXCEL PHYSICIANS to receive payment in full at the time services are rendered unless other arrangements have been made in advance.

If you wish our office to bill an insurance company, a copy of the insurance card and/or complete billing information is required and must be presented before services are rendered.

Enrollment in an insurance plan is not a guarantee of payment.

Deductibles, co-payment, and patient responsibility amounts are due at the time of services.

EXCEL PHYSICIANS does not assume responsibility for verification of insurance benefits and/or coverage. Please contact your insurance company to verify your benefits and doctor participation in your plan *before* services are rendered.

Any portion of the balance not paid by insurance company due to patient co-pays or deducible amounts, non-covered services, deemed by the insurance company as not medically necessary, doctor non-participation in plan or any other reason for non-payment or reduced payment is the responsibility of the patient or responsible party.

HMO's and some other insurance plans require an authorization for treatment from a specialist and for most procedures. Referrals are submitted to your insurance or IPA after your visit and may take several days. You will be notified by mail or phone call unless your Primary Care Physician deems the referral urgent.

A statement of charges will be sent to the patient each month showing the patient due balance. Delinquent balances may be referred to an outside agency for collection.

I have read the above policy and understand that I am financially responsible for all medical services rendered.
